Zinc Die Cast Fittings

EMT Fittings

Cooper Crouse-Hinds® Zinc Die Cast Fittings are available for use with EMT, Rigid and IMC Conduit, Liquidtight Conduit, Armored Cable or Flexible Metallic Conduit.

They are available in:

- EMT Fittings: Set Screw and Compression Type (insulated and non-insulated)
- Rigid/IMC Fittings: Pulling Elbows and Grounding Bushings
- Service Entrance Fittings
- Liquidtight Fittings; insulated and non-insulated; straight and 90°
- Flexible Metallic Conduit Connectors; squeeze type, straight, 90° clamp type and screw-in

Cooper Crouse-Hinds offers a wide selection of Zinc Die Cast Fittings, further enhancing the Commercial Products offering by providing the most complete value package for all your electrical commercial products building needs. Our zinc fittings are tested to the same stringent standards as our steel fittings to comply with application requirements of the NEC.® The zinc package offers quality fittings that are durable and have a high resistance against brittleness, breaking and cracking. Zinc material provides a natural protection against corrosion, ensuring a long life span.

Ordering and Dimensional Information

EMT FITTINGS

- Available with or without insulated throat for customer preference.
- Insulated throat provides a smooth pulling surface that won't strip cable.
- Zinc material is naturally corrosion resistant.

ZINC DIE CAST SET-SCREW CONNECTOR

- Tri-head set screw may be installed using a slotted, Phillips or Robertson head screwdriver.
- Concrete tight when taped

ZINC DIE CAST COMPRESSION CONNECTOR

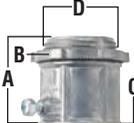

- The split compression ring assures solid attachment to the conduit and good ground continuity.
- The hex surfaces on the compression nut provide for easy wrenching to quickly and easily tighten the nut.
- Concrete tight

Zinc Die Cast Liquidtight Conduit Fittings

Ordering and Dimensional Information

Cooper Crouse-Hinds Liquidtight conduit fittings are used for the wiring of machine tools, motors, transformers, food processing equipment, robotics, air conditioning units, illuminated store front signs and bill boards, etc. The flexible metallic conduit and fittings protect conductors from mechanical damage due to vibration and movement, and seals out cutting oils, coolants, water, dust, etc.

APPLICATIONS:

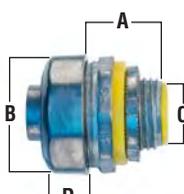

To terminate and seal liquidtight flexible metal conduit to oiltight, liquidtight, or raintight box or enclosure. Connectors can be used with tapered thread female entry or unthreaded knockout using the provided sealing washer and lock nut.

FEATURES:

- Furnished with lock nut and sealing ring
- Liquidtight/Raintight/Oiltight
- Suitable for wet locations

Zinc Die Cast Conduit Fittings

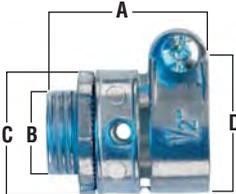

Non-Metallic, Armored Cable and Flexible Metallic Conduit Fittings

For armored cable, flexible metal conduit, interlocked metal clad cables, NM and SE cables.

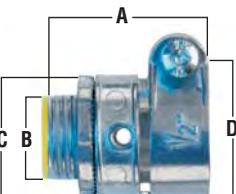

FEATURES:

- Available in squeeze type, clamp type and screw-in type
- Straight or 90°
- Male Hub Threads – NPSM
- Available with insulators
