Domae, the offer adapted

1 Total safety

With the Domae offer, Schneider Electric guarantees the very best in quality for this entire product range (26 ISO 9001/ 2000 certified production and development sites world-wide).

What's more, because this range has been built to comply with European and international standards as well as Aenor requirements, you know you will be working in complete safety.

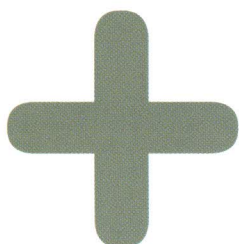

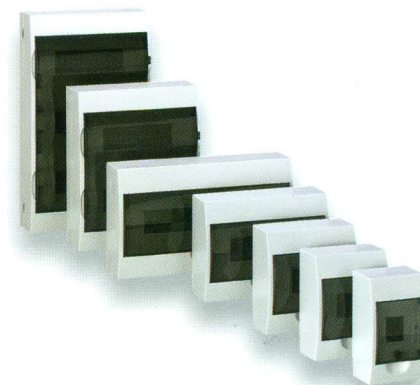

- > Designed according to the international standards (IEC 60898)
- > Certified by a notified body of reputation (VDE)
- > Manufactured by ISO 9001/2000 certified factories
- > Assured by Schneider Electric against fire or electrocution hazards caused by short-circuits, overload or faulty devices.

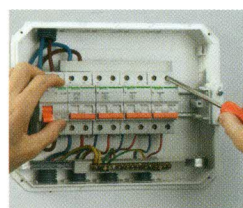

2 Simple to choose, easy to install

Domae makes life simple with this range of electrical products especially designed for the housing sector. You can rest assured that your switchboard will meet the requirements of IEC 60364 without changing any of your wiring habits.

- > Bi-stable lock for easy mouning
- > Large terminals with guards for secured connection
- > Disbo Extra enclosures along with Domae meet the specifications for wiring regulations
- > A comprehensive range of MCB's
- > Fully available from Schneider Electric official distribution
- > Dedicated packaging and identification for an easy selection

- Fingersafe terminals, screws for flat-headed or recessed head screw screwdrivers.

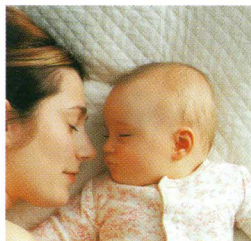

- Simple, fool-proof wiring.

to every home

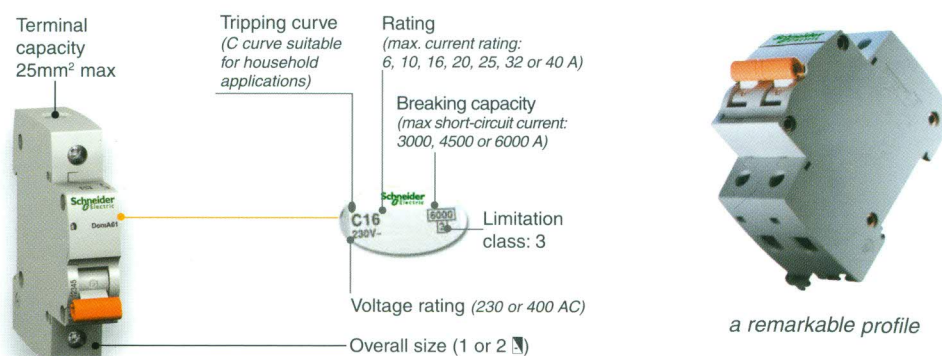

3 Safe to use

Domae enclosures and switchgear have been designed to prevent electrical installation risks in the home. So you can be 100% sure that users will be protected against fire or electrocution hazards caused by short circuits, overloads or faulty devices.

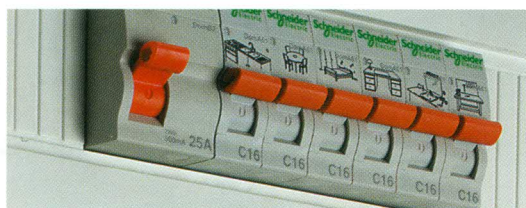

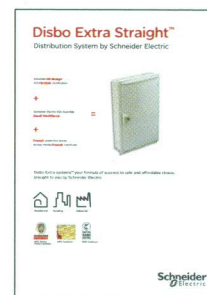

4 A professional, good-looking design

Domae products can be easily identified by their new design

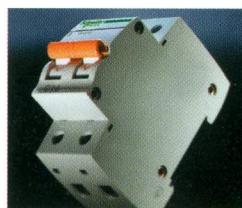

Domae products comply with Schneider Electric guiding system

- > A complete final distribution system along with Disbo Extra enclosures
- > For more details on Disbo Extra range offer refer to the brochure available with your distributors
